

Product Warning Label Form

Important Note: *This form must be filled out and sent to the David's Bridal Buyer prior to the shipment of the first PO of affected product.*

Purpose: Warning labels are required to ensure consumers are provided with important product information. Vendors are responsible for applying the appropriate warning label(s) in accordance with their knowledge of their products, and all federal, state and local regulations. Warning labels must be communicated to David's Bridal prior to the issuance of a Purchase Order containing the product.

Below are some typical warning labels on consumer products:

- Lead Warning Label
- Age Restrictions
- Choking Warnings
- Button or Coin Cell Battery
- Magnet-Containing Product

Vendor Requirement: Per Section 3.2 of the Vendor Manual – Required Product Details, Vendors are required to provide the below form before each new product is introduced to the David's Bridal product collection (i.e. before the first PO is issued). This applies to dropship products as well.

David's Bridal Merchants should review the Product Warning Form and send to:

- Legal@dbi.com
- Webops@dbi.com
